PROGRAM GOAL

The Centre of Excellence in Reproductive Health Innovation (CERHI) will build capacity within West Africa's Tertiary Educational System for implementation high quality and applied research for reproductive health professions to tackle policies and programs for reducing the regions high burden of fertility unsafe abortion, marital mortality and HIV/AIDS.

OBJECTIVES OF THE CENTRE

The Centre is set up for:

1. The training of students and technical experts /policy makers through short courses on relevant fertility, maternal mortality, HIV/AIDS and reproductive health policy topics in region.
2. Masters reproductive health, public health, health economics and nursing
3. PHD in reproductive health, public health, health economics and nursing.

4. Develop regional laboratory capacity to support HIV/AIDS and other reproductive health related problems.
